tall. I wish I were a tree, **just** doing nothing all day. It's leaves blowing

in the BREEZE SOAKING up the sun. I wish I **were**
something that didn't have to do anything. I wish

I was a **bear** everyone would be **afraid** of me, also I could just eat lots of food and sleep for a few months, **everyone** would be **hatin'**. I have to work all day and serve my angry pushy queen. All I do is dig and **get food for** the colony no **one** respects me. I wish I

was notsmall I wish

I was the size of a whale

● _____ ●, *them maybe* I would *get some*
